

Transition Stockport

We are a new community movement aiming to make Stockport more resilient and sustainable. We want to create positive local solutions to the twin challenges of peak oil and climate change, and make our town a better place to live.

The Transition Stockport movement involves everyone in Stockport and the surrounding area as we inevitably move from an oil dependant way of life by employing adaptability, creativity and ingenuity to a sustainable and resilient future. More information at...

www.transitionstockport.org.uk

There is no membership or fees, so if you would like to help the work of Transition Stockport please support us with your time, your creativity, and your energy. Donations can also be made by completing the standing order below and posting it to:
